

The Metre Wavelength Sky - II

Monday, March 18, 2019

The ISM of the Milky Way and Nearby Galaxies - Chandrasekhar Auditorium (9:00 AM - 10:30 AM)

time	[id] title	presenter
9:00 AM	[225] HI 21cm studies of nearby dwarf galaxies	
9:25 AM	[120] Mass models of gas-rich void dwarf galaxies	
9:45 AM	[49] Diffuse neutral ISM: temperature and turbulence from 21 cm absorption studies	
10:10 AM	[172] Structure and Dynamics of the Neutral Hydrogen in the Interstellar Medium
